Everyone looks dead and half asleep  
Call up all your friends and follow me  
There's a couple parties going on right up the street  
If you want to sit here on your ass, that's fine  
But as for me, I'm gone!

If you see me, and were hangin on the west coast  
Lets rage, rage, rage  
Touring all over the east side  
Lets rage, rage, rage  
No matter where we're at tonight, we're gonna do it  
right  
Hometown Atlanta represent it in the true light  
Grab a cigarillo and a 40 and a bic light  
Lemme get a Newport, now it's on!

I always seem to find myself in situations like this  
Like this situation I'm sensational all the fucking time  
Always subject of critic acclaim  
Talk shit, it makes my day  
So if you're reading this-  
We don't care, what all the critics said  
We're just fine, success is right ahead  
Don't doubt me, I've got a lot on my mind  
Got a lot, and I'm already gone  
Take me home  
Take this from me  
I had a feeling you'd be here  
Always, right in the back of my head  
I wish I had a dollar for every lie from you  
I'd have more than I even knew

Everyone looks dead and half asleep  
Call up all your friends and follow me  
There's a couple parties going on right up the street  
Put your middle fingers in the air  
And make your way to the front if you just don't care

Yell if you just don't give a **Â- FUCK**  
Always blazed and I don't give a- **FUCK** yeah!  
Anytime, anywhere, hey girl are you down to \_\_\_\_  
Lets take one for the police

Take it, take it or leave it
