YOU TOLD ME YOU CARED  
But I don't care about you  
Are a slut-butt  
So shut the fuck up  
Keep your mouth shut  
SLUT WHAT THE FUCK! ?  
You are a slut- butt  
So shut the fuck up  
Keep your mouth shut  
Break it down motherfucker!  
I'm in every fucking city touching every fucking titty  
Sicker than terry schiavo, someone pull the fucking  
plug  
It's like a beta gamma infa-red, and all that shit that  
you can't see  
Better watch your fucking girlfriend, she's been talking  
to me  
Ha hahaha  
Breaking all the rules  
Ruining families  
Running from the law  
The pigs are after me!  
Breaking all the rules  
What does it matter to you?  
Mind your own fucking business and leave us kids  
alone  
Just another day in the life  
Trying to make ends meet, and trying to stay high  
Ambitions used in a life of crime  
How can you blame us now?  
The boys are in town and you can bet your bottom  
dollar  
That tonight some shit is gonna be going down  
Put a leash on your girlfriend- she's already on her  
knees  
Someone help me decipher this puzzle, the pieces are  
wet with your blood  
Someone help me decipher this puzzle, the pieces are  
wet with your blood  
Lets put the pieces together, damaged we are from the  
fall  
It like no matter what I say or do, my head is stuck on

you  
But the thought of you still makes me fucking sick  
Right down on her knees
