[V]

I've never known a love like this
That You would give so much for me
I am humbled by Your mercy
And lifted by Your praise

[PC]

Deep inside me all around
Is a love in which I'm found

[C]

Breathe on me
My saviour and my God
Let me see Your glory
May my heart beat as one with Yours
Breathe on me
Sprit of God

[V2]

I've never known a love like this
That you would take so much for me
So I trust in You my saviour
You are good, Your name is great

[B]

Show me Your glory
Show me Your glory
