[Verse]

Come on, and lift him higher
Sing out the praises of our king
The mighty saviour
Jesus you're worthy of all praise

Shout out, the name that is above all other names
The one true saviour
Jesus you're worthy of all praise

[Pre-Chorus]

With everything inside me
I will sing, I will shout it out

[Chorus]

Get up, we're here to praise him
Get up, were here to lift our voices
We're here to
Praise him, praise him,
Come on and give him glory
Praise him, Praise him
Get up
