You'll be fine tomorrow  
The sun will rise again  
It's never easy to say goodbye  
You know I'll always love you  
You know I always will

Goodbye, goodbye, goodbye  
My old friend (my old friend)  
Goodbye, goodbye, goodbye  
We've reached the end (we've reached the end)

I don't cry for sorrow, I cry with joy  
The memories we've made can't be destroyed  
You know I won't forget you  
You know I never could  
And when I say I loved you  
You know I meant for good

You know I'll always love you  
Goodbye
