I'm in a fix  
Need something quick  
My mind is numb  
My stomach sick  
Broken hearts  
Hopeless things  
I've seen what defiance brings  
Cause the light of day  
I've always known  
Is in my heart  
I'm not alone  
Speak to me  
Tell me all the things i need to know  
I want to hear you now  
Can you speak to me  
I've opened up your word to free me  
I want to hear you now  
It's amazing  
How i forget  
Can't live my life  
For lack of it  
But the light of day  
I've always known  
It's in my heart  
I'm not alone  
Speak to me  
Tell me all the things i need to know  
I want to hear you now  
Can you speak to me  
I've opened up your word to free me  
I want to hear you now  
Make your wisdom clear  
The words i hold so dear  
Bring the light into my dark  
I hide them inside my heart
