Bright the light through my window pane
Shield my eyes from the beam
Keep the day from my aching brain
I had a Dream

Walked me down to the town last night
Sat me down by the stream
As I dozed in the fading light
I had a Dream

Saw a man and I saw you there
Swear you looked like a Queen
In your eyes as he touched your hair
You had a Dream
I had a Dream
I had a Dream

Who could care, who would sympathise
Should someone come in between
It could be that I'll realise
I had a Dream

Would I dare ask the truth of you
If t'were real what I've seen
Were you there? If I only knew
That I had a Dream
I had a Dream
I had a Dream
