Forsaken son  
Kneel down with me  
Entrust the father your agony  
In house of god  
The place of peace  
Where in your demons'll find release

[Chorus:]  
We will require blind faith  
Devotion to our cause  
We cannot lose control

Forsaken son, give into me  
The holy father will set you free  
You'll be at peace, if you obey  
Out to reach paradise you must stay

[Chorus]

If you betray our secret  
If you betray our cause  
Hell awaits your soul

Forsaken son, you're now my slave  
Give me the pleasures I'll crave  
The house of god, the place of lust  
This is the place where you placed your trust
