Mental bulldozers let loose cruising towards life a trail  
of, human Mud I shall bring peace.  
Mankind on it's knees before a power too strong,  
helplessly accepting their god proven wrong, panic  
releases the evergrowing fright, while sanity dies as  
there's no cure in sight.  
Hope crushed on display, screams breed like flies, you  
envy the dying in the mirror, where I bring peace...  
Faster to death with throttle at max, As I introduce Mr  
neck to Mr axe self-righteous ethics forced down your  
throat, no room for morals in this sinking boat.  
Penetrating sirens howling, mankind has lost the  
monument of society is falling, as I bring peace.  
Burning the rest in the fire with god, leftover faith  
sunken in blood, far beyond terrifying closer to hell  
and yet another train of believers derails.  
Ruins, landscape of death, history's over and gone,  
silence like never before as I brought peace.

Geniously evil forcing you down, total destruction  
you're loosing your ground, I'm in command, I give the  
sign, I rule the switch to turn off mankind.
