I was too proud to call you that night  
I couldn't run  
I know running gets all in the way  
You sure know how to make or break a day  
Well, you just fled the scene  
So hard to breathe

You think a lot about yourself so much  
For someone who relies  
On someone else's trust  
I cower to your touch  
You think I'd be the one to let go  
So carry on

Thrilling to know  
There is no control  
She's got the soul of poet  
And the fire of a bullet  
She is what she is  
Nothing less or unspoken  
She don't love you no more  
She's in love with her motive, yeah

This jealousy can't hold me over  
I can't get mad  
You know that anger gets all in your way  
My jealous mind  
It hates it but it takes it  
Those haunting memories  
Are laced with secrets

Although I'm hard-pressed  
And back from a fight  
You think this would end  
But it's taking its time  
Confusion, it is such an all-time  
Bad written melody  
Of course you'd sing  
Please carry on

Thrilling to know  
There is no control

She's got the soul of poet  
And the fire of a bullet  
She is what she is  
Nothing less or unspoken  
She don't love you no more  
She's in love with her motive, yeah

Ask about her wings and her secret life  
She'll say yeah, yeah, yeah, yeah  
Ask her if she thinks she can sleep at night  
She'll say yeah, yeah, yeah, yeah  
Ask about her wings and her secret life  
Ask her if she thinks she can sleep at night

Thrilling to know  
There is no control  
She's got the soul of poet  
And the fire of a bullet

Thrilling to know  
There is no control  
She's got the soul of poet  
And the fire of a bullet  
She is what she is  
Nothing less or unspoken  
She don't love you no more  
She's in love with her motive, yeah  
She's in love, she's in love  
She's in love, she's in love  
She's in love  
She don't love you no more  
She's in love with her motive, yeah
