All I want is to be with you
All I want is to be with you
Show your cards, show me what you got
We'll break these poker faces, like it or not

Everyone's in my head
But I want you in my bed
I never wanna go a day without you
I could never go a day

Come closer to me baby
I've got everything you need
To fill your hunger pains for tonight

Warm me up beneath the sheets babe
I've heard all about how you can save,
I don't wanna go a day without you
Warm me up beneath the sheets babe
I've heard all about how you can save,
I don't wanna go a day without you.

Innocence meet jealousy.
Isn't she stunning?
She'll make you smile so hard inside
Make you wish you bring back those nights

Take a walk with me through my head
I'll show you where I rest
All those nights when I'm without you
Draw a new breath; I swear I'll show you

Come closer to me baby
I've got everything you need
To fill your hunger pangs for tonight

Warm me up beneath the sheets babe
I've heard all about how you can save,
I don't wanna go a day without you
Warm me up beneath the sheets babe
I've heard all about how you can save,
I don't wanna go a day without you

Come closer to me baby
I've got everything you need
To fill your hunger pangs for tonight
This could all be a reality
If you just say you'll stay here with me
I'll make sure everything is alright

Warm me up beneath the sheets babe
I've heard all about how you can save,
I don't wanna go a day without you
Warm me up beneath the sheets babe
I've heard all about how you can save,
I don't wanna go a day without you
