(France Robert/Gerry Stober)

I can hear the falling rain on the window pane
Like a serenade washing over me, I just wanna be
alone
I don't wanna cry and I don't wanna apologize for the
way I feel
I just wanna be alone

Float away for a day on a wave of memories of you, of
you

Whenever my world is blue, ah, whenever my world is
blue, I close my eyes
And I remember your smile, the sound of your voice, all
those special times
Whenever my world is blue, I think of you

Sweet melancholy fills up my heart and soul
Movin' nice and slow deep inside a dream and it takes
me back to you

Float away for a day on a wave of memories of you, of
you

Whenever my world is blue, ah, whenever my world is
blue, I close my eyes
And I remember your smile, the sound of your voice, all
those special times
Whenever my world is blue, I think of you

Rainy days will never make me sad, they'll always
remind me of what we had

Whenever my world is blue, ah, whenever my world is
blue, I close my eyes
And I remember your smile, the sound of your voice, all
those special times
Whenever my world is blue, I think of you

Whenever ever my world is blue

Whenever ever my world is blue, I close my eyes
And I can remember your smile, the sound of your
voice, that feeling inside
Whenever my world is blue, I think of you
Whenever my world is blue, I think of you.
