HAIL HIM

Writer: Audrey Gordon ?2004, All Rights Reserved

Oh that man would praise the Lord for his greatness,  
mercy and love

CHORUS

Praise him, praise him praise him  
Praise him for his goodness and his mercy  
Hail him, hail him, hail him  
Sing hallelujah to the Lord almighty  
Come, Praise him praise him praise him  
Shout glory laud and honor to the deity  
Hail him, hail him, hail him  
Respect the only one who is the trinity

1.

Have you ever really wondered why he died for you  
How he walked the road to Calvary and tired for you  
When he took the licks upon his back and cried for you  
Hung between two thieves, one mocking him right  
there for you

So the saved of God can walk in New Jerusalem  
With no more troubles, no more worries and no more  
problems  
But the devils and him demons fire bun fi dem  
If youâ€™re not careful you will end up in hell with  
them.

CHORUS

Praise him, praise him praise him  
Praise him for his goodness and his mercy  
AAh, Hail him, hail him, hail him  
Sing hallelujah to the Lord almighty  
Come, Praise him praise him praise him  
Shout glory laud and honor to the deity  
AAH, Hail him, hail him, hail him  
Revere the holy one who is the trinity

Heâ€™s omnipotent, full of strength

Omniscient, knows everything  
Omnipresent, ever present  
Heâ€™s confident, magnificent and so patient,  
heâ€™s sufficient, lenient, excellent

2.

Walk upon the circle of the earth for you  
Heal your sickness give you strength and provide food  
for you  
Stand beside you when the enemy dem a sweat fii you  
Cause he put a big fence of protection all round you  
(REPT CHORUS)

3

Only the saved of God will walk in New Jerusalem  
With no more sickness, no more trouble and no more  
problem.  
But the devils and him demons fire bun f idem  
Check yourself or you will end up inna hell with dem  
But all the saints of God will walk in New Jerusalem  
With no more sickness no more pain, no problem
