(Gerry Stober/Madeline Stone)

Lyin' here beside you, feeling your skin next to mine
I'm so thankful baby that you are a part of my life
And when I hear you whisper, hold me, don't let go
Just as long as I am breathing, I want, I want you to
know that

Whenever you need my love, just close your eyes and
I'll be there
I can't promise the moon and the stars but you'll have
my heart
Whenever you need my love

Whenever darkness falls upon you, and friends are
nowhere to be found
And you feel your dreams just slippin' away, honey I'll
still be around
Through the good and the bad, I can swear to this
Right beside you, I'll stand, for as long, as long as I live
and

Whenever you need my love, just close your eyes and
I'll be there
I can't promise the moon and the stars but you'll have
my heart
Whenever you need my love

When it's all said and done at the end of the day
I'll be the one you can run to, come to make love to
Anytime anywhere, I'll always be there, yeah

Whenever you need my love, just close your eyes and
I'll be there
I can't promise the moon and the stars but you'll have
my heart

Woah oh oh, woah oh oh
I can't promise the moon and the stars but you'll have
my heart
Whenever you need my love

Lyin' here beside you, feeling your skin next to mine.
