There's only one thing in this world worth living for
There's only one thought in my head i won't ignore
It's only raining over me this time
Climbing up just to cover our mistakes
So we'll take this to the top now baby
By now i think you'd realize
Cause everybody knows
Cause everybody knows
By now i think you'd realize
We've come too far to let this go
And now we're ready for the show
There's only one place i can go to take my time
There's only one way we can all make up our minds
It's only raining over me this time
Climbing up just to cover our mistakes
We're gunna take this to the top now baby
By now i think you'd realize
Cause everybody knows
Cause everybody knows
By now i think you'd realize
We've come too far to let this go
And now we're ready for the show
Now we're ready for the show
Now we're ready for the show
Now we're ready for the show
We'll take this to the top now baby... yeah
By now i think you'd realize
Cause everybody knows
Cause everybody knows
By now i think you'd realize
We've come too far to let this go
And now we're ready for the show
