They never thought she was worth it  
They never did believe  
They didn't think you deserved it (deserved it)  
To be treated like a queen  
See now they all looking crazy  
Cause you're sitting on top of the world  
I know they feel it baby  
Now that you're my girl

You know, hearts will be breakin'  
Cause you're no more, up for the takin'  
It's a crying shame  
They all missed their chances  
But now when they askin', you know just what to say

Go and tell them all to stop it, stop it, stop it, stop it  
Keep their hands to themselves  
Girl, you're off the market, market, market, market  
You don't want nobody else  
Baby I promise to love you  
And I won't put nobody above you  
So tell them boys stop it, stop it  
Girl you're off the market, market, woah

Hey, listen  
Now everybody knew about you  
But they was trigger shy  
I had my sights set, I didn't doubt you  
I picked you right up out the sky  
It's such a miracle, that no-one ever fell in love  
And I tell you all the time, Now that you're mine, oh

Girl, You know, hearts will be breakin'  
Cause you're no more, up for the takin'  
It's a crying shame  
They all missed their chances  
But now when they askin', you know just what to say

Go and tell them all to stop it, stop it, stop it, stop it  
Keep their hands to themselves  
Girl, you're off the market, market, market, market

You don't want nobody else  
Baby I promise to love you  
And I won't put nobody above you  
So tell them boys stop it, stop it  
Girl you're off the market, market, woah

Oh, Tell them all that you're not the one  
Tell them all that yeah it was fun, while it lasted  
But this is the end of the line  
See what they say ain't always true  
I guess that was the case with you  
That's what I learned, cause this nice guy finished first  
They all missed their chances  
so now when they askin', you know just what to say

Go and tell them all to stop it, stop it, stop it, stop it  
Keep their hands to themselves  
Girl, you're off the market, market, market, market  
You don't want nobody else  
Baby I promise to love you  
And I won't put nobody above you  
So tell them boys stop it, stop it  
Girl you're off the market, market, woah

Woo, you can tell them all to stop it, stop it  
My baby's off the market, market, woah

Baby I promise to love you  
And I won't put nobody above you  
So tell them boys stop it, stop it  
Girl you're off the market, market, woah  
market, market, woah  
uh uh uh ohh x7
