Out of time, out of love so easily
It's a curse to be so free
Even though I always need somebody there!
If you mind, I'll try not to waste your time
If I put it on the line
Just excuse my heart, that I've been in the pain

Chorus:

I think that I need you,
I'm trying to reach you
There's no one like you
That's made me feel this way
Baby, you got me open
baby you got me open!

Could it be that I saw you in my dreams
Wanna know what this could mean
Cause it's all brand new to you and I like urgent skies
Oh, we got moments $\hat{\epsilon}$ so much more than meets the
eye
Will you hide me if I take off my disguise
I think that I need you
I'm trying to reach you!

Chorus:

I think that I need you,
I'm trying to reach you
There's no one like you
That's made me feel this way
Baby, you got me open
baby you got me open!

Alright, OK, if I lead the way, you follow me
OK, alright, baby you're the one that should get things
twice
Alright, OK, if I lead the way, you follow me
OK, alright, baby you're the one that should get things
twice

Oh baby, you got me open
Baby you got me open!

I used to be broken
But baby you got me open
