Uh, oh, oh, oh  
I see the way that you're walking and I can't explain it  
You in them tight blues, there's something about you  
Curving and kicking them hips and thighs, I can't  
believe my eyes  
Tell me, is this true!

You wanna talk about dreams,  
The type of chick you take home with  
That's the type of chick she was  
I couldn't see it oh, I can't believe it, oh  
But she'd do me right!

I didn't know!  
Momma told me she will play with my mind (she would)  
I should have known  
Momma, told me she would play with my mind!  
I thought she was a runaway girl who would break my  
heart  
From the very very start, all fell apart  
I should have,  
I should have listened to what she said  
Momma told me she would play with my heart  
She would play with my!

Them type of girls that could never do you right  
That's what she told me,  
I just could not see it!  
I'm such a sucker for lips and hips,  
I couldn't think of it  
Her eyes mesmerize me!

You wanna talk about dreams,  
The type of chick you take home with  
That's the type of chick she was  
I couldn't see it oh, I can't believe it, oh  
But she'd do me right!

I was such a fool for her  
Momma told me she would play with my mind  
My momma told me she would and she did!

Momma told me she would play with my mind!

I thought she was a runaway girl...

I should have listen what she say

Momma told me she would play with my heart!

Momma told me!

I should have known about it, I should have known

I should have known about it, I should have known

I should have known about it, I should have known

I should have known she would!

Oh, oh, yeah!
