So this is love, welcome the heart ache
It's not enough your apologies from mistakes
So I've decided to swallow your lies
And your indiscretion will follow blind eyes ohh
So tell me that you love me, I'll believe
And when you say it's nothing then baby I can see
Honey even though I know so much better I'll write
All round my

And this is the part that hurts me the most
That's breaking my heart
But that's the deal hear no evil see no evil
And it's breaking my heart to be fooling myself
But that's the deal hear no evil see no evil

While your round the world and I'm in a bed
Are you wispering sweet nothings into someone else's
head
Are you staying true when you say it's only you in your
hotel room
And all the stories that I hear will fall on their fears
(ohh)
So tell me exactly what I wanna hear, yeaah
Beacuse that is apparent that is the reason I'm still here
Even though I know so much better I'll write
All round my

And this is the part that hurts me the most
That's breaking my heart
But that's the deal hear no evil see no evil
And it's breaking my heart to be fooling myself
But that's the deal hear no evil see no evil

Cause I'll choose your love over the truth
I will take pain and suffering over nothing from you
Hey, so this is love
Welcome to heartache yeah ohhh

And this is the part that hurts me the most
That's breaking my heart (breaking my heart)
But that's the deal hear no evil see no evil
And it's breaking my heart to be fooling myself

But that's the deal hear no evil see no evil

Ohh cause I don't hear no evil see no evil
Cause I don't hear no evil see no evil
