And I try to stop this feeling from overcoming me I do
And I don't know
And whatever it is it's taking over me
And I fight and I try to stop this feeling from taking me
And I don't know

And I will fall
And I will fall into... I'll fall into you
And I will fall
And I will fall into... I'll fall into you

You say everything wont be as planned
But I will stand up tall and be your man
And whatever it is it's taking over me
And I fight and I try to stop this feeling from stealing
me
And I don't know

And I will fall
And I will fall into... I'll fall into you
And I will fall
And I will fall into... I'll fall into you

And when you're lonely
You can count on me to be there
Believe me I swear
Your one and only
You know I will be there till the end of time
I'm falling into you
I'm falling I'm falling yeah

And I will fall
And I will fall into... I'll fall into you
And I will fall
And I will fall into... I'll fall into you
