You're my beautiful disaster  
My beautiful refrain  
And I'm just a boy that's begging you to stay  
And oh how I'm thirsting  
You're constantly in my head  
And nothing is working  
I want to lye in the color red  
And don't you sing  
To me because you'll draw me in  
Please make this mean something

I should know that you're everything that I'm not  
I've been faking it for too long  
But you're always just barely out of reach  
And I just can't go on, trying to hold on  
So I'm giving in

And please say nothing's wrong with me  
And please say something that you've never said  
Just lie to me  
And you're a random flash of brilliance  
In what is my routine life  
And I'm experiencing tunnel vision  
Because I've got you in my sight  
And don't you sing  
To me because you'll draw me in  
Please make this mean something

I should know that you're everything that I'm not  
I've been faking it for too long  
But you're always just barely out of reach  
And I just can't go on, trying to hold on  
So I'm giving in

I can't stop though I try  
Keep giving in every time  
I know this isn't make believe  
Like the stories that I see on TV  
Lovers come then they go  
It's the same old story different show  
I've seen it many times before  
Like I see you walking out the door

So you leave  
And all your colors start to bleed  
In a memory...
