A little gurl growing up
will need some more attention
A little boy growing up
will need some more rock and roll

Fly away on the highway now
and speed the gear before u change ur mind
and turn on the radio
to hear kurt cobain rocking up the station yea

If this the way u want
chocolate sin i'll show u everything..

* gonna be there with you
forever we will be
gonna be there with you
forever we will be
yea...

A teenage gurl with a movie star
drying up in conversation
A skater boy with tattoo arms
breaking down another rule

Hide away on ur wedding day
and leave someone to take ur blame
rage up the town and get some reconition
yea

If this the way u do
chocolate sin i'll give u everything
(Repeat *)

safety streets turning like a desert hot
time getting longer day and night
watching all the ground u drop
this chocolate sin yea..
yea.. yea..
(Repeat * twice)
