I want to stay in Your presence all day
And I don't care if the time slips away
There's no place I'd rather be
When You're here surrounding me with Your love, oh

And I'm finding out that nothing compares
With these endless moments we share
Now I have peace of mind
Fulfillment of a greater kind when I'm with You

And I, I've never known love like this before
My heart is Yours
And I, I've never known love like this before
Lord, You take my breath away, oh yeah

Lord, I can't imagine not having You here
And I find it so amazing what I feel when You're near
When it's just me and You there's nothing that I can't
do
So take me away, I never want this to end

And I, I've never known love like this before
My heart is Yours
And I, I've never known love like this before
Lord, You take my breath away

I am surrounded by Your love, it's everywhere
And all that I am is Yours forever

And I, I've never known love like this before
And my heart is Yours
Lord I, I've never known love like this before
You take my breath away

And I, I've never known love like this before
My heart is Yours
And I, I've never known love like this before
You take my, my breath away
You take my breath away
