Can't make up my mind, about the boy
Sometimes he brings me down, sometimes he brings
me joy
I want him around, but he's never in town
Can't make up my mind, oh no

But I love him even though my friends say he's not
right
I know it's true but can't deny he's on my mind

Chorus

I love him I love him I love him I love him
I love him I love him I love him I love him
And there ain't no other that I'd put above him
I'm so mad about the boy

Can't make up my mind about this guy
Sometimes he makes me smile sometimes he makes
me cry
Other guys have tried, but he's the one i like
I'm so mad about this guy

But i love him even though my friends say he's no right
I know its true but cant deny he's on my mind

Chorus

I love him I love him I love him I love him
I love him I love him I love him I love him
And there ain't no other that I'd put above him
I'm so mad about the boy

Call it what you like but I ain't no love fool
You would understand if he was loving you
We've had our ups and downs, but i still want him
around
He is the one, I know is true

Chorus

I love him I love him I love him I love him
I love him I love him I love him I love him
And there ain't no other that I'd put above him

I'm so mad about the boy â€¦
