(I'll see you in hell)
Collectively I gain my head and recover from this bed,
how do you live with yourself?
Can you hear me, screaming louder everytime.
Can you hear me, 36 ways to end your life.
Disrespectfully you fucked mine, and I assure, I am
coming for you, yes I am coming, yes I am coming for
you
Can you hear me, screaming louder everytime.
Can you hear me, 36 ways
TO END YOUR LIFE
Take from me everything that gets me by
And now my friend I assure you will die, yes I will see
you yes I will see you in hell
Can you hear me, screaming louder everytime.
Can you hear me, 36 ways to end your life.
Why why why god help us all
