Once upon a time as in Ancient history  
High upon a hill in a shroud Of mystery  
Loomed the abbey as we Journeyed through the night  
And wended our way Towards the light

As we entered through the Gates  
We heard the silent calls  
There was something evil  
That lurked within these Walls  
As I relive my days in this Godforsaken place  
All that appears before me Now...is her face

Another man died today like The ones before  
With blackened tongue and Blackened finger  
Within the labyrinth behind The bolted door  
Lies the answer to our Mystery

Heed the book that kills -  
It holds an evil power  
Those who turn the leaves Wither like a flower  
Well guarded by the seer Inside the abbey tower  
For laughter kills the fear Within  
The abbey of synn

We found the secret path That led us here to you  
Give us the deadly book of Laughter  
Too many men have died for A teaching of the few  
Open up your heart reveal The mystery

Heed the book that kills -  
It holds an evil power  
Those who turn the leaves Wither like a flower  
Well guarded by the seer Inside the abbey tower  
For laughter kills the fear Within  
The abbey of synn

And then she came 2 me Like a creature from the Dawn  
Enchanting as the moon - Radiant as the sun  
She took the boy in me and Gave me back the man  
With a force I could not Withstand

The seer burned the abbey Down and perished in the

fire  
We couldn't save the book The flames were rising  
Higher  
So many died in vain for an Ancient discipline  
Laughter kills the fear within The abbey of synn

Heed the book that kills -  
It holds an evil power  
Those who turn the leaves Wither like a flower  
Well guarded by the seer Inside the abbey tower  
For laughter kills the fear Within  
The abbey of synn
