And now this Rainbow Bridge: an iridescent span of tears - so fragile and yet so strong. Will it support your mortal shells? Or will you fall into the fiery brine below?

[knight]

I hark back to olden days  
to her and her magic ways  
two souls in harmony  
in an endless sea  
the cruel wings of destiny  
carried you away from me  
and left a heart unstilled  
that never will be filled

[roman (chorus:)]

beyond these stygian skies our fortress lies  
across the rainbow bridge  
we'll span the sea of tears and conquer all our fears  
(inside)  
forsake this mourning field and drop your shield  
across the rainbow bridge  
run to the other side where all our dreams abide

[knight]

I'd sacrifice my very life  
to have you at my side  
like a dream I see your face  
through the misty haze  
we were one amid the stars  
and time never healed my scars  
deep inside the sadness burns  
I must return!

[roman (chorus)]

[hippie]

scarlet crimson rosy red  
I must be dead  
or stoned out of my head  
orange yellow tangerine  
the acid queen  
in a psychedelic scene

ochre chestnut chocolate brown  
I'm upside down  
on a cosmic eiderdown

ivory milky chalky white, the stars ignite, I vanish in the  
light - that burns so bright

Step forward. Beyond lies your goal: the Electric  
Castle! The past is gone! Do you wish to  
lapse in limbo forever? No! Be resolute.. There are  
trials ahead - and rewards for those who  
strive: the Surreal Search endures...

[roman & knight]  
run run the past is gone, it cannot be undone  
run run the future is here, our fate is drawing near

[roman (chorus)]
