Lying on my back on a railway

Looking at the sky and its full moon
In the back of my head I feel the rumbling wheels
Shaking my memories
It's getting darker and darker and darker
My hands are frozen and steam comes out of my
mouth
As I whisper my last words,
I seem to fade away

The train is moving forward and closer
Can't stand up and walk away

Once I made my mind up so long ago
Now I can't change
It is just too bad

I feel so left alone, so forgotten
Nobody knows where I am, no one misses me
Cold water runs from my eyes
And the cold is freezing my last tears
Like I'm only half in my body, I can't feel
I think I'm already half gone, I can't think
It's getting colder and colder and colder
I can't breathe

The train is moving forward and closer
Can't stand up and walk away
Once I made my mind up so long ago
Now I can't change
It is just too bad

Mmmm...
Duh duh duuuuh... Ooh ooh oooooh
Aaaaah aeaeaeh
Aaaeyah aaaeya-aaayeah yee

The train is moving forward and closer
Can't stand up and walk away
Once I made my mind up so long ago
Now I can't change

It is just too bad

Cold metal burning in my back

Cold cold metal freezing

Cold cold metal my head will burst open

Cold cold metal it's been too much

Cold cold metal...

Cold cold metal...

Cold cold metal...
