[Best Friend] It's been 10 days
It shouldn't last this long
The doctors' mystified
Nothing's physically wrong...

[Wife] But maybe inside his head
He's struggling to survive
Would it help if we talked to him?
Bring him back to life...

[Best Friend and Pride] Do you remember that time
We were showing off our brand new flashy bikes
[Wife and Love] You looked so fine
Until you both fell over and then started to cry!
[Best Friend and Pride] Do you recall that day
Fearlessly we climbed the highest tower
[Wife and Love] Then you became afraid
Too scared to climb down you stayed up there for
hours!
[Best Friend and Pride] Do you remember that time?
[Wife and Love] Do you recall that day?

[Wife and Love] Do remember that time
Alone at last, naked by the fire
[Best Friend and Pride] Then all your friends came by,
They rushed in the room and you had no time to hide
[Wife and Love] Do you recall that day,
You proposed to me fell down to your knee
[Best Friend and Pride] You didn't know what to say,
So she knelt down to for she thought you'd lost your
keys!
[Wife and Love] Do you remember that time?
[Best Friend and Pride] Do you recall that day?

[Passion] Can you see her light
Shining through the black
She's reaching out to you
What's holding you back?

[Reason] Can you feel her warmth
Glowing on your skin
Don't repress the memories

Let them all in...
