Earthman:

This is the end of bloodshed and wars
We finally found peace
Side by side we explore the stars
Then we came to know that we are not alone

Light years away in a fortress in space
A place we call home
We're at war with an alien race
Many men died in a blood-red sky

Alien:

Inseparable enemies, two sworn friends
Inseparable enemies, friends 'till the end

Storyteller:

Is this the end of their crusade
The dawning of a new day
The birth of a brand new age
The turning of a new page

Earthman:

We're all alone on this hostile planet

Alien:

I try to speak but you don't understand it

Earthman:

But you are trying to take my life

Alien:

I'm only trying to survive

Earthman:

We must find shelter from the storm

Alien:

Build a cabin to keep us warm

Earthman:

I can't do this on my own

Alien Earthman:
You and me, we are not alone

Earthman: Russell (ad libs)
Alien: Damian
Storyteller: Floor
