Arjen:

Last night I had that dream again  
My world was black as night  
plagued by visions of a future world  
Liselotte: Mr L. did you take your meds?

Arjen:

I sang about these dreams  
warning man of his demise  
wasted words that no one heard  
Liselotte: won't you please relax  
I'll make your bed...

Arjen:

Today I had that dream again  
I roamed among the stars  
on the wings of an amazing flight  
Liselotte: Mr L, do we feel okay?

Arjen:

To a place beyond our time  
where the sunlight doesn't warm  
and the colour bleeds into the night  
Liselotte: We may have to increase your dose today...

Arjen: I know the truth is out there

If you want to see  
I know the truth is in here  
If you want to feel

Arjen:

Now I have that dream again  
I live beneath the waves  
in a realm of grace and majesty  
Liselotte: Mr L, can I ease your mind?

Arjen:

In the distance shadows loom  
cold machines rise from the deep  
in a world once proud and free  
Liselotte: Won't you free your thoughts,  
Let it all unwind...

Arjen:  
I hate to have that dream again,  
they live inside my head  
feeling everything I feel inside  
Liselotte: Mr L, can you please be still?

Arjen:  
They speak to me in dreams  
They can see all I can see  
They have always been my guide  
Liselotte: You gotta hush now please,  
have another pill!

Arjen: I know the truth is out there  
Liselotte: Why should we believe you?  
Arjen: If you want to see  
I know the truth is in here  
Liselotte: Why should we deceive you?  
Arjen: If you want to feel.
