

## Ayreon "Tower Of Hope"

Visit "[Tower Of Hope](#)" on [MotoLyrics.com](http://MotoLyrics.com)

From the wind-torn ramparts of the Tower of Hope we  
survey a thousand futures. Release your  
dreams from this electric pinnacle. You must have  
hope...

[hippie]  
we're climbing up the stairs  
and hope is flowing through our veins

[futureman]  
there's magic everywhere  
we've been released of all our chains

[hippie]  
we're taking in the view oceans of blue,  
fields of green

[futureman]  
I fear this can't be true  
we're still inside this dream machine

[chorus]  
[hippie] I only felt what I wanted to feel  
[futureman] I only saw what I wanted to see  
[hippie] I'm at the end of my rope  
[both] lost in the tower of hope

[hippie]  
I see a brand new age  
where peace and harmony prevail

[futureman]  
but we're still in this cage  
destined to die here if we fail

[chorus & repeat second verse]

[hippie] I only felt what I wanted to feel  
[futureman] I only saw what I wanted to see  
[hippie] I only went where I wanted to go  
[futureman] I only knew what I wanted to know  
[both] and we became who we wanted to be

[hippie] I only felt what I wanted to feel  
[futureman] I only saw what I wanted to see  
[hippie] I'm at the end of my rope  
[both] lost in the tower of hope
