Invisible

Have you ever felt invisible?  
When the one that you adore  
Finds you easy to ignore  
Then you're invisible  
And it's nothing short of miserable  
To feel like I've become unkissable  
And there's not a deeper wound  
Than to lie in this bedroom  
And feel invisible

I can still recall a time  
When nothing mattered more to you than loving me  
You used to burn for me  
How long can you overlook  
This love I'm dying desperately to give to you  
Oh I'm right in front of you  
but I'm invisible

Oh, I can still recall a time  
When nothing mattered more to you than loving me  
You used to burn for me  
How long can you overlook  
This love I'm dying desperately to give to you  
Oh I'm right in front of you

Invisible

Maybe I should make myself invisible  
And leave you with my memory  
Maybe then you'll notice me  
When I'm invisible
