When I woke up this morning
I made up my mind
I think I'm gonna love you
For a long long time

You were lying there sleeping
The sunlight in your hair
Then something happened to me
When I saw you lying there

I could never paint a picture
And words are hard to say
So I wrote this song I'm singing
Just for you today

This is my song and
I'm singing to you
I'll sing it to you
For the rest of my life
This is my song and I'm singing to you
It's all I can do
I can't make without you
I guess I just wanted you to know

That if I could live forever
And you were not there too
I think I'd give it all away
For one more night with you

This is my song and I'm singing to you
I'll sing it to you for the rest of my life
This is my song and I'm singing to you
I'll sing it to you for the rest of my life

This is my song and I'm singing to you
I'll sing it to you for the rest of my life
This is my song and I'm singing to you
I'll sing it to you for the rest of my life
