Words,  
they don't mean nothing  
So tell me why  
they hurt so much  
I meant to tell you  
something  
It was on the tip  
of my tounge

Words rush by so quickly  
And its too late  
to take them back  
I tried to say I'm sorry  
And that goodbye  
was just an act

Chorus  
But all my words  
got in the way  
And all the things  
I meant to say  
Were not the things  
you heard  
Oh, why'd you have to go  
And take me  
at my word

Words  
come back to haunt you  
Yeah, they just keep  
hanging around  
I still can hear the echo  
I still can hear  
their angry stound

Chorus

Words can say I love you  
Oh, words can break a heart  
I should have  
stopped you leaving

And told the truth  
right from the start.
