Speaks:

Now now now now calm down love

Oh yes... it's me again... crazy...

I can't sleep at night, I toss and turn

Listenin' for the telephone

But when I get your call I'm all choked up

Can't believe you called my home

And as a matter of fact, it blows my mind

You would even talk to me

Because a girl like you is like a dream come true

A real life fantasy

BRIDGE

No matter what your friends try to tell ya

We were made to fall in love

And we will be together, any kind of weather

It's like that, it's like that

Every little step I take

You will be there

Every little step I make

We'll be together

Every little step I take

You will be there

Every little step I make

We'll be together

I can't sleep at night, I toss and turn

Listenin' for the telephone

But when I get your call, I'm all choked up

Can't believe you called my home

And as a matter of fact it blows my mind

You would even talk to me

Because a girl like you is like a dream come true

A real life fantasy

Bridge

No matter what your friends try to tell ya

We were made to fall in love

And we will be together any kind of weather

It's like that, it's like that... girl

Rap

Everybody wants to know what's going down  
Not with the james not the jim but the bobby brown  
Yo I'm chillin much hard as you all kno cuz bobby brown  
Was good to good to good to go solo  
Been on the mike for a long long time  
I'm garunteed to bust a stupid rhyme  
Now I'm on the mike and I'm rock a lil fresher  
Everybody out there don't talk less about me  
Because I'm rockin it steady  
And when I'm on the mike don't you dare call me  
freddy  
Cuz I'm ready to really get paid  
And if anybody steps in my way they gettin slayed  
My name is brown that's what they call me owwww  
Yes I drive a 560 SCC  
And when I'm on the mike you gotta see me  
Drivin down the block cuz I'm blockin the light  
And when a sucker MC try to truck my spot  
When I'm rockin on the microphone  
People gotta gotta gotta leave me alone  
Cause I really don't care really don't give a damn  
My name is bobby and not doctor phil
