

## **Australia Hillsongs "Friends In High Places"**

Visit "[Friends In High Places](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Will I was in need  
I needed a friend  
I was alone  
I needed a hand  
I was going down  
But someone rescued me  
My God cares too much to say  
His mercies are new every day  
I get down to pray  
And then help is on it's way  
I walk by faith  
And not by sight  
If things go wrong  
It'll be alright  
'Cause someone greater is watching over me  
My God cares too much to say  
His mercies are new every day  
I get down to pray  
And then help is on it's way  
Now in faith I believe  
That I've got everything I need  
I walk by faith and not by what I see  
I've got friends in high places  
I've got someone I can call  
I've got someone watching over me
