Mirror mirror, on the wall
I'm just someone with no self control
You don't know the real me,
but you get a glimpse
so you paint a picture
So vivid, but just so wrong

This little girl is broken this time
I've seen things no one should ever have to see
I paint a smile on to tell the world I'm doing fine
While everything I've known flies out the window

(Chorus:)
I just want to leave this situation
I don't want to reach this destination
Can't you see I've lost the motivation
I want to leave this situation

Mirror mirror, on the wall
You see a girl with no self control
You ask what I want, it's complicated
The truth is, I don't know

I guess it's not enough t
o be there sometimes
But I've been dealt a hand
no one should ever have to play
I guess I've really messed up this time
I'm too tired to fake the strength
behind this lie

CHORUS
And now I sit here,
all alone and bored
My head is filled
with advice I once ignored
That all you get from this moment,
is all you gave to your past
And all you'll get from this moment,
is what you gave to your past

I'm turning to the next thing

I laugh just for this moment
I'm crying on the bathroom floor
'cause nothing is the same
Turning to the next one
Then we're laughing for the moment
I'm crying on the bathroom floor
I can not regain strength

CHORUS

And now I sit here,
all alone and bored
My head is filled
with advice I once ignored:
That all you get from this moment,
is all you gave to your past
And all you'll get from this moment,
is what you gave to your past
