Seems everything I did was wrong and now  
everything's gone  
Alone and silent  
Now this time is just for me  
I never wanted a part of this that got inside of me  
I thought I could get rid of you  
It's not true  
I wanted to get away  
I've never known what to say  
You were behind me but never all the way  
And now I'll put up a fight  
This is destined to end tonight  
A course of action, execution, start the sequence go!

One, two, I'll start with you  
Because you had the most to loose  
Three, Four, on the ground  
Humanity is going down  
Five, Six, now attack  
This time with no touchbacks  
Seven, Eight, in spite  
Of all our instincts we must strike

Mass of destruction lies in my wake  
All this is for me to take  
You were beside me but this revenge is just for me  
This tidal wave of obsessive rage needing to satiate  
The forces behind a hostile state

One, two, three, four, five, six, seven, eight, nine, ten  
All bets are off  
This time we're shutting off  
One, two, three, four, five, six, seven, eight, nine, ten  
And now, that's right you all fall down

Taking my attack stance right now  
Making sure you all get knocked down  
Don't try anything that gets in my way  
This time no one gets a say

One, two, I'll start with you  
Because you had the most to loose

Three, Four, on the ground  
Your whole world crashing down  
Five, Six, now attack  
It's time for pay back  
Seven, Eight, now I know everyone has got to go  
Now strike!
