Daylight came to my rescue
Once or maybe two times
Morning helped me find my way home
Darkness veils every step we take
Now and then we get a chance to learn from our
mistakes

The seasons come
The seasons go
The circle turns
The flowers grow
Starting all over again (oh)
Starting all over

Turn the page it's overdue
Times that teach the
Destiny will surely show us the way
Trouble ends
Like a shower of rain
Nothing lasts for always
The sun will rise again

The seasons come
The seasons go
The circle turns
The highs and lows
Starting all over again (oh)
Starting all over again
And if your whole world comes to an end
You'll be starting all over

Many mountains to climb
Before the future's past
Make the your most of your time
As if it is the last

Oh oh oh ah oh oh oh yeah
(Repeat x2)

The seasons come
The seasons go
We say goodbye

We say hello
Starting all over again
And if your whole world comes to an end
You'll be starting all over
And you don't have to worry my friend
Cos you'll be starting all over

Oh starting all over
