What kinda douche bag
1st of all watches fucking australian idol
2nd of all writes their own section on australian idol

You fucking tool
You fucking tool
you cock munch
australian idol was really gay

You earn respect through how good your MUSIC is
not how good your fucking voice is
Plus their voices really sucked
yeh I mean mine ain't much better
But hey my dogs is
I know a 3 year old who will grow up
Thinking pop music is not writing your own music and
guy sebastian is fucking gay....
