A man, disfigured by science  
His skin, charred and corpse-like  
Severed from the world he knew  
He sees through a spectrum of rage

Flesh turned to liquid  
He seeks vengeance through science  
Synthetic flesh replaces his own  
His purpose is to exact revenge

Tracking them one by one  
His anger knows no bounds  
Looking for the one at the top  
Murdering them slowly to even the score

Criminal syndicate, a plot for control  
All of it, worthless to him  
So much for him to reclaim  
Ninety minutes for each mask he creates

Now, the carnage unfolds  
Posing as his victims,  
Identity stole  
Replacing them for only a short time  
Destroying their lives, ensuring their demise

The first one, a mobster who tied him up  
Catching him in an alley, he corners him  
(Then proceeds to mutilate, and masticate)

First name on the list, terminated  
Unabated, skinless killer  
Victim's last sight, one of pure nightmare

Second target  
Now in his sights  
The man, flees for his life  
So he hunts on

No sensory information  
For him to feel  
Synthetic skin knows no pain

Only one essential organ: His brain

No escape  
For his prey  
His skin, flayed  
Deranged!

Revenge, exacted

Now, the carnage unfolds  
Posing as his victims,  
Identity stole  
Replacing them for only a short time  
Destroying their lives, ensuring their demise

Third target: the scientist who set him up  
He retakes his vengeance with all remorse, gone  
Taking him at home, no one hears his cries  
Moving down the list, he ensures each demise!

No sensory information  
For him to feel  
Synthetic skin knows no pain

Taking them one by one  
Only one essential organ, his brain

A man, disfigured by science  
His skin, charred and corpse-like  
Severed from the world he knew  
He sees through a spectrum of rage

Flesh turned to liquid  
He seeks vengeance through science  
Synthetic flesh replaces his own  
His purpose is to exact revenge

Tracking them one by one  
His anger knows no bounds  
Looking for the one at the top  
Murdering them slowly to even the score

Now  
The carnage unfolds  
Posing as his victims  
Identity stole  
Replacing them  
For a short time  
Destroying their lives;  
Ensuring their demise

Finally he faces the one who ruined his life  
The coward tries to run, there's nowhere to hide  
He strikes him down, his mask dissipating  
Further destruction is awaiting
