Heaven is 40 blocks away  
I still believe in you  
But you are poison

40 blocks  
We were lying under cover  
Summer nights go by  
With my sleepless lover  
I dont want you  
But you're everything I need  
Lord, I believe  
In you

You can't tell me nothing I dont know  
I'm just a worthless boy  
But my arm is golden

40 blocks  
We were lying under cover  
Summer nights go by  
With my sleepless lover  
I dont want you  
But youre everything I need  
Lord, I believe

When are you coming home?  
When are you coming home?  
When will you let me go?

40 blocks  
We were lying under cover  
Summer nights go by  
With my sleepless lover  
I dont want you  
But you're everything I need  
Lord, I believe  
In you
