Watchin, everybody's watchin  
Maybe I just paranoid, I'm trippin away  
Holdin, somethins holdin me down,  
Maybe I'm just kinda dumb,  
Or I'm gettin olderâ€¦

Now I'm so cynical,  
I've been down this road before  
Holdin on I'm tryin to find,  
Somethin to pacify my mind

I hate everything about you,  
Maybe it's the way you comb your hair  
It's makin me sick  
I've been down for so damn long,  
It fells right when everything is wrong  
And I know, I'm getting old

Now I'm so cynical,  
I've been down this road before  
Holdin on I'm tryin to find,  
Somethin to pacify my mind  
Somethin to pacify my mindâ€¦

(solo)

Now I'm so cynical,  
I've been down this road before  
Holdin on I'm tryin to find,  
Somethin to pacify my mind  
Somethin to pacify my mindâ€¦

Something, that gets me outta here  
I'm sittin here just killin time  
Waiting to find something, or lose my mind  
Getting older every year  
I've got to get me outta here
