"Hold On"

Hold on tight,
Downtown city streets
Are getting restless in the night, ya know
Goddamn kids,
They're getting everything so wrong

Should I be the one to let it go?
No one's trying what I know
It just goes on

City's alive,
Gun shots, screaming, sirens
Tearing through the streets at night, ya know
Mother's cryin,
Cryin for her boy

Should I be the one to let it go?
No one's trying what I know
Gonna get shot down with a gun in his hand,
It just goes on and, on andâ€¦!

The world's growing colder,
This shit's comin, runnin down
The world, going nowhere,
This shit's, goin down, down!

Hold on tight,
Downtown city streets
Are getting restless in the night, ya know
Goddamn kids,
They're getting everything so wrong

And I guess I'll just hold on
And I guess I'll just hold on
And I guess I'll just I,
Guess I'll just I,
Guess I'll just hold on
