When the song come on hands in the air , (4x)

We surfaced consumer's pre-purchase  
Guess who's back on the charts and he's nervous  
Elite service, amongst men that beat murders  
Fish-fillet lover, brother, don't eat burgers  
Rap slowest, those that hold the gats know this  
Biblical facts I'm about to re-enact Moses  
Uh huh  
Misery's back, I'm calligraphy on niggery tracks  
Epidemy, it's seems like most consider me that,  
literally  
It's like wizardry with me and the raps  
And getting rid of me, somebody's insecurity lacks  
Lucid, never biting or track boosting, it's too confusing  
I supply what the fiends shooting  
Front's is needed, I was once young and anemic  
'Till I found a few players to team with

When the song come on hands in the air (4x)

I'm like the spring in a .45 colt pistol  
Know the initials I gleam like a coke crystal  
With most fickle, too serious to joke with you  
Weak lungs was too laid-back to blow whistles  
Far away and two cellphones with calls waiting  
Parlaying two red-bones and I'm more patient  
Spreeing on the form's fragrance  
Leaving stores on every floor evermore vacant  
We all chasing the thoughts of assort places  
Bringing serenity back from all the court cases  
And lost races, chose to expose little  
Rap rugal, cockback smack your screw's loose  
Axe Noodles rose amongst who ever  
A Jewel tellers smooth fellas  
Elders schooled me to do better

When the song come on hands in the air (4x)

O's kept, dice out, no bets  
Lights out, I'm a Vet, y'all no threat  
Piped out, something stretch, it's cold sex

Nice house, run around, in old sweats  
Can't see me, don't try it, can't be me  
Won't tire, y'all cowards can't leave me  
Locked in, flow-wise I'm top ten  
Hop in, low-ride, I'm not him  
Hold heavy, it's hot, hope glow's ready  
So deadly, this is not Hov' and Kelly  
We hog tie 'em, nothing's plated, dark iron  
The god's rhyming, thru the conduit the car's flying  
Coke wit it, the doe did it, hoes get it  
Unstable, still able to blow digits.
