Yea

Once again coming for the game

Who can stop me now?

First and foremost, I'd like to apologize to the public

For allowing y'all to endure (Sosa)

All that watered-down, over-proofed thug shit (Sosa)

See when you in the inside looking out

It's hard to see the person on the outside looking in

(Sosa)

Let me express myself

(Verse 1)

The first bars I've ever spitted I scarred the game

Since then all the jewels and the cars done changed

Had to circumcize the snakes, disregard their names

So when i spit now, I involve the pain

Convinced every religion that the God done came

To me, it's '88 and I'm as large as Kane

No need for spotlights, trying to dodge the fame

Already got lice so why try massage my brain

BBS's, clustered up carved in my chain

Freezing the same flesh, once i'm dead and desolve in
flames

Honor the name, Sos' love drama the same

So all y'all claim to be realer niggaz, calmer than came

Hear this

I'm unemotional, my eyes is tearless

No regrets, my only threat is that I die careless

Catch me, fuck sales long as the streets accept me

It's respect before the money if I'm on correctly

Vet status

Crown Sos' the best at this

Holla, this hot shit be the next classic

Yea

Now let's begin
