Rock the house
East New York, East New York
East New York, East New York
East New York, East New York
East New York, East New York
To my nigga AZ to the fullest

We was already loyal to people's minds and mulianis
Now we more fucked up with a mayor named Guliani
You can try to bomb me analyze but can't define me
My mind's divine heavily entwined with Ghandi's

Far from feeble, I leave your nostrils hard to breathe
through
'Cause my cerebrals are more of a higher plane than
the Hebrews
Well my mic devotion brings out my deepest emotions
Overdosing wannabes posing sending them through
convulsions

To hard to follow, you took a bite but couldn't swallow
Your mind's boggled but I'm as deep as Donald Goines
novels
My whole persona's kinda laid back like a recliner
And since my mama, I been fucking with marijuana

Wavy-haired, my skin got a money getting glare
Strictly menace wear, making off a Guinness beer
So where it all begins is here destiny and me finally
meet
So how can I be weak? I'm rather unique

Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique

Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique

My verbals rip shit brains give birth to thoughts in triplets
Fuck it I'm on some flip shit ready to let my clip spit, dramatical
Vocals release shells like automatics
Do music's magical causing any battle to be tragical

I got styles sick as hell, sicker than sickle cell anemia
Slaughter your circulatory like leukemia
Filled with larceny, who want parts of me?
I'm vicious, mad malicious 'cause it's real on this road to riches

I got this mastered, other rappers'll craft it
Weak and wicked camouflaged as killers how they speak and kick it
Peep this uniqueness nonbelievers I'm leaving speechless
Left to chokers and skunk smoke was coming through the speakers

Surgically nice with any verbal device trife, breathing life into mics
My insight's beyond the twilight so die, fight, no surrender, no retreat
Techniques speak I'm rather unique

I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique

Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique

So it's gonna take more than your astrologist to knowledge this
A physiologist couldn't even figure out the exoticness
Raps demolishing certified the way I style it
My wordplay blaze with the rays of ultra violence

My culture's smiling, getting more in depth with each breath
My biography follows the footsteps of Malcolm X
Money and sex, Gore-Tex Donna Karan and Guess
Finesse, success through the life stress mics I blessed

Puffing trees to get me high as trapeze

Flipping Japanese at ease when I'm stacking G's
So let's discuss, plus degrees
How the rhyme forces the source for thoughts that's
lost
So don't cross 'cause it'll cost

The ghetto savior, smooth, the real playa with flavor
Moves be major with unexplainable behavior
The word's on the street so keep your ears to the
concrete
Why I'm rather unique

Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique

Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique

Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
