[N] That's how we break hoes

[N] We throwin ivory dice across the concrete

[A] And of course that don't make him your man  
because y'all palm weed

[N] We had boxed bumpin La-Di-Da-Di (word?)

[Chorus: Nas + AZ]

Yo we hard hit, just like Comacho and Vargas

Who's the target? Now watch how we close the market  
We both hard hit, just like Hagler and Hearns  
Add the math, be concerned, if it's beef you burn  
Yo it's sorta like, Poitier and Bill Cosby  
'Let's Do It Again,' a beautiful blend, let's do it to win  
My nigga - my nigga - my niggaz - my niggaz  
My niggaz - my niggaz - uhh..

[N] What's today's mathematics?

[A] We had it, we let 'em hold it, we shoulda sold it

[N] We back it, we could grabbed it

[N] But fuck it, just let 'em have it

[A] Humduallah

[N] Allah u akbar

[A] God is the greatest

[N] Planet Mars, we carvin the faces

[A] You couldn't catch us in a car without the bangers

[A] Believe, I touched a couple of movie stars and  
entertainers

[N] Indeed, one in particular, almost started to name  
her (ha ha)

[N] I was there when you first pushed up and started to  
game her

[A] Been a long journey, certain shit just don't concern  
me

[N] They ain't hurtin shit; we flip, they hire attorneys

[A] Yo I'ma stay custom, 'til I'm old grey and rustin

[A] Reminisce the number of chickens that claim we  
fucked 'em

[N] Bet some badda hoes than them other funky  
rappers chose

[N] I'm tryin to wife a chick, light a spliff (okay)

[N] This might be like another part to "Life's a Bitch"

[A] Write ya lips, who's nice as this? We righteousness

[A] No mic assists, it's murderous - granted the right to  
flip

[Chorus] - repeat 2X

[Nas]

Like, Spinks and Hearns..

Sorta.. Poitier and Bill Cosby

'Let's Do it Again,' nigga..
