Break down the feelings coming  
Soon you'll be moving right along  
Know now that I can take it  
I break on through it, break on through it.

Step down the lights are fading  
Leave now there'll be no turning back  
I see your hesitation so break on through it break on  
through it  
Hey yeah, start thinking

Why don't you come back  
Won't you come back  
I can show you the way now  
Hold on my dear I'll be right here to show you

Stop with this mystery it's time you come on back to me  
I know that we can do it we'll break on through it break  
on through  
Hey yeah, start thinking

Why don't you come back  
Won't you come back  
I can show you the way now  
Hold on my dear I'll be right here to show you

Why don't you come back  
Won't you come back  
I can show you the way now  
Hold on my dear I'll be right here to show you

Why don't you come back  
Won't you come back  
I can show you the way now  
Hold on my dear I'll be right here to show you

Why don't you come back  
Won't you come back  
I can show you the way now  
Hold on my dear I'll be right here to show you

(Why don't you come back) show you the way now

(Why don't you come back) show you the way now  
(Why don't you come back) show you the way now  
(Why don't you come back)
